TREASURER’S REPORT

The treasurer’s report was approved as presented.
Mr. Wilkins reported:

**Proposed Amendments to Rules**

Rule .0303, License Renewal, an amendment to comply with the directive by the 2009 Legislature that licensing boards grant extensions of time to complete continuing education and renewals for members of the armed services, has been finalized and was effective April 1, 2010.

**New Rules: .0629(9); .0629(10); .0630(11)**

Mr. Wilkins reported the rules review process has begun for the three new rules to increase potential students’ awareness of the requirement that an applicant for a LMBT license must have good moral character.

**Status of Amendments to Practice Act**

The “short session” of the 2009 session of the NC General Assembly will reconvene May 12, 2010. There are no amendments to the Practice Act scheduled for consideration.

**Amendments to Board’s Guidelines**

None

**Disciplinary Hearings**

There is one disciplinary hearing scheduled for 1:00 p.m. today.

Ms. Kennedy reported:

**Licensee Report**

9,898 licenses have been issued  
8,372 licensees are still in good standing

**Renewal Report**

There were 2406 licensees scheduled to renew by November 1, 2009 and 2000 have renewed. There were also 111 Letters of Reprimand mailed to therapists for late renewal who renewed between January 1, 2010 and March 24, 2010.
COMMITTEE REPORTS

Policy Committee

Ms. Beam, Chair, reported the Committee met April 7, 2010 as set forth in the written minutes. Ms. Beam further reported:

**Payment of Board Member Expenses by FSMTB**

The Committee is waiting for a formal opinion from the Ethics Commission. Mr. Wilkins requested the opinion on September 1, 2009 and was told it would be several months before it would be sent. Mr. Wilkins will follow-up with the Ethics Commission.

**Disciplinary Actions on Website**

Ms. Beam reported the Board’s staff is in the process of scanning past primary disciplinary actions taken by the Board for publishing on the Board’s website. Past disciplinary actions will go online at the same time to avoid confusion. The process is more than 1/3 complete. Letters of Reprimand for late renewal of a license or non-sufficient funds in renewing a license or for advertising without the therapist’s license number or name on the advertisement are not included. Also Cease and Desist Orders and certain Conditional Licenses will not be listed on the website as disciplinary actions taken by the Board.

**International Association of Structural Integrators Examination**

The Committee reviewed Mr. Wilkins response to the request of the IASI to accept their Certification Examination for Structural Integration (CESI) as an entry level examination that would meet the requirements of N.C.G.S. 90-629(5) as well as the response of the IASI dated February 28, 2010. The Committee also agreed to meet with 2-3 representatives of IASI following the June 17, 2010 Board meeting.

The Committee recommended that structural integration be added to the list of modalities that require a LMBT license.

Upon motion made, seconded and approved, the Board approved that structural integration be added to the list of modalities required for licensure.

**Licensure by Endorsement**

The Committee agreed to meet with Ed Sansbury to discuss amending the Practice Act in 2011 to close a gap in Licensure by Endorsement A & B. The problem is that neither Licensure by Endorsement A or B
address the issue of an applicant who graduated from a massage therapy school in a state other than NC that has licensure, certification or registration but the applicant did not get licensed, certified or registered in that state and has now applied for a license in NC. Other possible amendments to the Practice Act would be to increase the number of hours of education to qualify for a license and licensing establishments that employ LMBTs.

**Video-Conferencing Distance Learning**

The Committee considered whether participation by video-conferencing in a continuing education class that is 90% energy work and 10% ethics is distance learning. Prior to discussion, Ms. Weinberger recused herself from the discussion and vote. The Committee reviewed the requirements of Rules .0701 and .0702.

Upon motion made, seconded and passed, the Board agreed that video-conferencing is distance learning.

- The Board also discussed the need for more clarity on continuing education certificates to designate whether the courses are in-class or distance learning.
- Ms. Beam also reported that a system of random auditing of renewals might be an option for the Board to consider for the future.

**License Standards Committee**

Ms. Huffman, Chair, provided minutes of the Committee’s February 18, 2010 meetings as follows:

The Committee met from 2:00 p.m. until 3:40 p.m. and considered the following matters:

Ms. Huffman, Chair, provided minutes of the Committee’s April 14, 2010

**Photograph on License and Webpage**

The Committee discussed the Board’s information technology consultant’s quote and comments regarding placing a licensee’s photograph on their license and on the webpage. The Committee agreed not to recommend the Board proceed with placing a licensee’s photograph on their license or on the webpage at this time.

**Conditional License and Disciplinary Information on Webpage**

Mr. Wilkins reported the Board is in the process of placing past disciplinary actions on the Board’s webpage.

**Acupuncture Board**

The Committee agreed to revisit this issue following its meeting with representatives of the Board of Cosmetic Arts.

**James A. Barbour**

The Committee reviewed Mr. Barbour’s Application for Licensure and particularly the details surrounding the previous revocation of his license by the Board. The Committee agreed to recommend to the Board that Mr. Barbour’s application be denied at this time.

Upon motion made, seconded and passed, the Board agreed that Mr. Barbour should not be issued a LMBT license at this time.

Mr. Wilkins will send a letter to Mr. Barbour stating the Board’s decision and advise him he will have the opportunity to come before the Board for an informal hearing or appeal the decision if he chooses.

**Brian C McCrimmon**

The Committee reviewed Mr. McCrimmon’s Application for Licensure, particularly his criminal record, and agreed to request that he meet with the Committee and bring detailed copies of his alcohol treatment records before it makes a decision.
School Approval Committee

Site Visit Protocol

Ms. Weinberger reported the Committee agreed: (1) schools should receive a site visit every three years unless the school has problems or unresolved issues with the SAC or Board; (2) a school should receive a site visit whenever it changes its location; (3) when a new program director is hired an interview will be scheduled with the new director at the Board office; (4) a site visit will be scheduled if necessary to confirm that a school has complied with a requirement of the SAC or Board; and (5) a school library may include technology but there must be actual tangible learning resources and not just access to the internet.

The Board discussed and agreed with the Committee’s recommendation that new program directors come to the Board office to be interviewed by M&M Consulting. Two new program directors have already taken part in this interview process. The Committee will contact M&M consulting to discuss the fee for the interview process and will report back to the Board.

They reviewed the July 26, 2004 minutes of a previous meeting between representatives of the two boards. Issues discussed were: (1) teaching massage in Esthetician schools, (2) Cosmetic Arts Practice Act and Rules, (3) Massage and Bodywork Therapy Practice Act and Rules, (4) licensing establishments and (5) estheticians advertising and performing massage.

All parties agreed to work together to educate the public, estheticians, LMBTs, and schools on the parameters and limitations of the Practice Acts and Rules of the two boards and to continue to work together on issues of mutual concern.

**NEW BUSINESS**

**NCBTMB News Release**
